EXPERIENCE

Software Engineer, Intern

Hackules Inc.

Jan. 2024 – Present

Remote - Wilmington, DE

- Spearheaded the development of MarkAI, an AI marketing tool featuring interactive graph charts, customizable data sorting, and social media post creation via Facebook Graph API. Built with SvelteKit for a performant and user-friendly experience. Secured user access with Firebase authentication
- Owned the frontend development and app logic for My Jobs, a user-friendly job finder app built with Flutter. Leveraged Material 3 to create an intuitive UI and implemented robust filtering capabilities to streamline user job searches.

EDUCATION

Shahjalal University of Science and Technology

Bachelor of Science(Hons.) in Physics

Sylhet, BD

Fall 2022 – May 2026

PROJECTS

Social Media Website | *Angular, ASP.NET Core, SignalR, PostgreSQL, Docker*

[project link](#)

- Social media website with real-time chat, post creation, commenting, dark/light mode switching
